COMPANY OVERVIEW

WHO WE ARE

ABOUT PREMIERE

Premiere Outdoor Movies is a full-service outdoor cinema company that has been delivering unforgettable movie experiences since 2009. What started as a passion for bringing people together under the stars has grown into one of the most trusted names in outdoor entertainment across the United States.

We are not a rental company. We are a full-service event production team — professional crews, state-of-the-art equipment, and complete event management from setup to teardown. Every event is handled end-to-end so our clients can focus on their guests, not the logistics.

With over 10,000 events produced and a growing network of owner-operators across 17 states, Premiere Outdoor Movies delivers the same high standard of service whether your event is a 50-person backyard party or a 5,000-person community festival.

When you hire Premiere Outdoor Movies, you're not renting equipment — you're booking a professional event team with 15+ years of experience.

01

Professional Equipment, Every Time

Commercial-grade inflatable screens from 12 to 52 feet wide, high-lumen laser projectors, and professional audio — no consumer gear, no compromises.
